

LOCALIZATION

Use this application to set your location/time-zone and preferred language.

At the Antipodes GUI, click on '**Settings**' and select '**Localisation**'.

Set your location/time-zone and language from the drop-down lists.

The screenshot shows the 'Antipodes' application interface. At the top, there is a navigation bar with 'Antipodes', 'Home', 'Apps', 'Settings' (highlighted), 'Help', and 'System'. Below this, the 'Localization Settings' page is displayed. It features two dropdown menus: 'Time Zone' set to 'Pacific/Auckland (most locations)' and 'Language' set to 'English'. Below the dropdowns are two buttons: 'Save changes' and 'Cancel'. At the bottom left is the 'antipodes' logo, and at the bottom right is the copyright notice 'Copyright © 2015 Antipodes Audio Limited. All rights reserved.' and the website 'www.antipodesaudio.com'.

Click on '**Save Changes**' and your Localization information will be set.
